

GROUNDWAVE

Vol. 5, No 6

VE3RC

May 1955

MEETING:

Time: Wednesday, May 4, 1955, 2015 hrs.
Place: St Patricks College, Echo Drive, Room 208.
Program: The Construction of a Heathkit HI-FI Amplifier,
by Phil Laprade, VE3KN.
The Annual Election.

Phil is going to give us the low down(and maybe the high up) on how easy it is to build a Heathkit Hi-Fi amplifier,. He may have a few other tricks up his sleeve too.

Last Meeting.

Two very instructive films were shown through the curtesy of Don Cameron. The one on oscillators had an amusing couple(young) in a swing to illustrate some of the points but what we're wondering is what they were doing off in the woods on one or two occasions.

Banquet

Fifty people attended the banquet and made it a real success. The prizes provided by the club were mighty well received and produced some really good surprises. Our thanks to all who helped.

ADS

For Sale: RCA receiver, CRV-46151, covering BC, 80, &40,; 2 RF stages, 3 IF stages, good working order, \$25. Boyd Parke, VE3CMO, 5-3524.

FIELD DAY, June 25-26.

Field Day organiser for this year is Burt Coy, VE3GI. Burt has been in every field day since no. 1 and wants to find out who, is interested this year. All those who would like to help, even if not for all the time, call him at PA2-9849 or 9-4064. Also there will be a special sheet at the meeting to put your name on.

Well that's it fellows for this time. Seems as tho this sheet is getting shorter every time. Maybe the new executive can spark it to life again!

GROUNDWAVE is published by the Ottawa Amateur Radio Club, P.O. Box 204, Ottawa, Ontario Canada.
