

GROUNDWAVE

Vol. 6, No. 9

VE3RC

June 1956

MEETING: Wednesday 6 June 1956, 19:30 hrs.
St. Patrick's College, Echo Drive, Room 206.
Program: Annual Spring Auction,
Annual Election.

The Spring Auction has become an annual affair and an institution in the club. A surprising amount of equipment moves from one set of basements to another. This auction is open to all hams within hearing, but in fairness to the members their stuff will be put on the block first. For the newcomers, the club auctions off the stuff and takes a ten percent cut. This still has managed to effect a tidy sum for the person selling. It would help greatly if members would tag each item that they bring with their name, description of the gear, (this can help to get a good price) and any holding price. So bring along your gear of any sort, stamp albums, fishing gear, old bicycles, 75A4's, etc and we will get a fair price for them. The Auction starts at 20:00 hrs sharp.

The Election will be by printed ballott from 19:30 hrs untill 20:00 hrs, at which time the polls will close. Voting will be restricted to members who are licenced amateurs.

FIELD DAY

The FIELD DAY site that has been chosen is at a cottage on Mississippi Lake, about 50 miles from Ottawa,. There is hydro available but we hope to have a generator. And there is mention of a summer resort or girls camp across the lake. The boys are delightfully vague about this as tho they wished to keep it among themselves. The fellow in charge of the whole thing is Bob Armstrong, VE3RF, not Burt as erroneasly reported last month. Give him a call if you are interested in participating. His number is 8-7819-W..

O B S

The appointment of VE3CCV, Ken Willing, as the local Official Broadcast Station has been heard by a lot of hams in the Ottawa district already and is doing a good job of publicising the club. Official bulletins and matters of local interest are put on the air with the Secretary , Stan Mowatt, having the authority to pass these releases. The times of transmission are 22:00 hrs TUESDAYS, on 3755 kcs. On days that there are special activities of the club, extra broadcasts will be made but these will be announced the Tuesday preceding these activities. This is in case we may have to call something off on account of the weather.

Member's List

Included with this copy of the Groundwave, is an up-to-date list of members prepared and set in type by Norm Dickinson. As you can see it runs to two pages, something we have never had happen before. Lets see that even this second page will continue to grow.

PICNIC

This is not a hamfest but a picnic. You should come with your family to enjoy it as a picnic. If a little ham radio creeps in -- well maybe we can be tolerant. The date is Sunday, 10 June, 1956. Place is the Penguin Picnic Ground at Kingsmere, about 10 miles from the city. Take the Gatineau Highway to Chelsea, turn left to Old Chelsea and continue on the paved road to the left about one mile. Look for signs when you get to the picnic ground. Time of assembly will be about 11:00 hrs. Bring a lunch, or two if you feel like staying for supper, your wife and family, your girlfriend,-- if you wife doesn't object, or better still if she doesn't know -- your friends, and have a good outing. There will be prizes and ice cream for the children. Listen to the OBS at 10:00 hrs for any late announcement.

ADS - FOR SALE.

Six meter transmitter, 2E26 final, \$ 40.; Gilloutine Converter, for 6-10-11-15 meters, \$ 20., with a cascode RF stage thrown in. See Boyde Parke, VE3CMO, CE5-3524.

V H F

With the increasing number of sunspots the VHF bands are really looking up. There have been a lot of openings on 50 mcs and tho some have lasted only a half hour or so it has given the boys on that band a lot of outside contacts. There has been hardly a week since Feb. that there has not been some sort of extra propogation. That may account for the fact that there are so many fellows on the band now. It certainly makes life interesting tho.

MOBILE

With the increasing interest in mobile work, 3DY has made up a bibliography of mobile information covering the past few years. If anyone is interested in it you might mention it to him at the next meeting. If enough people would like to have copies he might be prevailed upon to print a few. Of course there might be a slight cover charge to take care of the printing costs etc. but it is a safe bet that it wont run as high as \$4.00!:

ARCOVERS

This DX hunting can take some serious twists. It seems the 3KF and 3QA have bought themselves some nice towers, 60 foot self-supporting in fact. They are the top 60 feet of the old CBO towers that are now dismantled. 3QA has an antenna farm near Metcalf where he intends to erect one of them. So far 3KF doesn't have a spot but there is nothing like being prepared -...- Norm Dickinson, 3BXM leaves us this summer for a job at Collins in Toronto -...- Hank, 3BCU, is in Clinton for the summer -...- don't forget the North Bay Hamfest, June 29 to July 1 -...- this also the last issue of Groundwave for 3DY to edit. He is taking a breather for a little while - a year or two.

GROUNDWAVE is published by the Ottawa Amateur Radio Club, P.O. Box 204, Ottawa, Ontario, Canada.

President: Henry Stockwell, VE3BCU
 V.Pres. Meade Wood, VE3CMW,
 Secretary: Stan Mowatt, VE3AXL, SH9-1486.
 Treas.; Norm Dickinson, VE3BXM
