

GROUNDWAVE

Vol 13, No. 8

VE3RC

May 63

MEETING

Time: Wednesday, 1 May, 1963, 2015 hrs.

Place: NRC Sussex St., Room 3001.

Program: The Design of a Mobile/fixed SSB Transciever, Bill Rolfe,
The Care and Feeding of Automotive Alternators, Gerry, VE3AGU.
Coffee and ragchew.

Bill Rolfe, VE3BJO, had time on his hands after breaking a leg and put it to good use by designing a SSB rig. In the months that followed he put the thing together and will bring it down to demonstrate and show how it can be done. Bill is a great exponent and missionary of SSB and his results with this rig, in both fixed and mobile use, have born out his views.

As a great many of the newer cars are equipped with alternators instead of the old fashioned DC generators, we should know about them. And there are a few things we should learn too in order to keep them perking. Gerry Harbottle, VE3AGU, has a film strip with record, made by the manufacturer to explain some of the idiosyncrosies of the beasts. Better try tomhear it. It may save you some expensive diodes someday.

AUCTION

13 May, Monday, is the date. Place is at the General Electric Auditorium, 175 Richmond Rd. Ample parking at the east side of the building. As before, this is a joint effort of the Ottawa Valley Mobile Radio Club, Inc. and the Ottawa Amateur Radio Club. Ten percent of the going price will be retained by the management to cover expenses. All items should be marked with the name of the owner and holding prices, if any, clearly shown. A brief description on the tag is a help to the auctioneer and may get you a better price. Now is the time to clean out all that stuff that you thought you would build last winter and didn't. It is too late now. Summer and daylight saving is already upon us. So clean up and enjoy a vacation on the profits. Some of the things that people have indicated they are looking for: coax-relays, keys, bugs, modulation transformers, mobile converters, steel-copperclad wire, #12 copper wire, tower sections (bring a description) 3/16 steel guy wire and hardware, ant insulators, egg insulators, resistors, capacitors, 3000v/.5A pwr tx, cooling fans, special tube sockets, exotic tx tubes, clocks:.. That give you an idea? CU there.

BANQUET

3 May at the Bruce Macdonald Hotel. Tickets are 2.50 but must be either bought or reserved ahead. The tickets are limited. Program will consist of a dinner: speaker -- to be announced: games, prizes, bingo, dancing. There is a cocktail bar conveniently located on the premises for those who are thirsty.

ADS: FOR SALE

BC-454, pwr supply, spkr, 3-6mcs; 300v/100ma vibrator supply, 12v input; PE-101C dynamotor; various tx and rx tubes: Mailes Dier, VE3BCO, 728-1771/313 and leave msg if not there.

HRO, completely reconditioned, voltage stabilised oscillator, noise limiter, ant trimmer; Steve Chisholm, VE3ATU, 828-1635.

Still a lot of parts, new and used: Oscar Sandoz, 722-8519.

WANTED:

TV ant rotator; 72 ohm tx twinlead, 200 ft; Fil. tx, Hammond-1122x, 5v/7.5A; RG-8 and RG-11 cable: Mailes Dier, 728-1771/313.

Mobile antenna or parts to make one, Ernie Larocque, VE3CXU, 825-1937.

Any item small enough to carry -- for the auction. Turn that junk into cash. Tubes, transformers, wire, insulators, resistors, capacitors.

JUNE MEETING

The june meeting will be held in May this year! 29th May will be the date and will be the election meeting and the Fieldday meeting. Prior to this meeting a nominating committee will prepare a slate of officers to which other names may be added before the election.

MEMBERSHIP

Total membership this year is now at 46, the highest it has been for some years. We welcome about 14 new members this season such as: Guy Eon, VE3LM, back from Holland; Len Jarrett, 3EWE, World Scout Bureau; Ernie Larocque, 3CXU; Geoff Miles, 3DPA, who has operated under many far away calls; Bruce Smith, 3FHP; Jim Strain, 3BSG; Jim Trafford, 3GP, a stalwart of CQN; John Ventura, 3EYY, at CBOT transmitter; Don Wilcox, 3DUF; Paul Brault, Pierre Gaudreau, Ralph Scott, Lindsay Ward, Walter Wier.

FIELD DAY

June 22-23 is the weekend. We still need a site. Anyone with any suggestions call Gerry Wells, 728-1369.

ARCOVERS

3PG, Ted had a wonderful vacation in Florida this winter...-ATU, Steve, expects to be spending time in Europe next season at conferences...- Pete Barron, 3ETX, now has his class A ...- AGU has a new car ...- Mailes, 3BCO is enjoying his farm(say how abt Fieldday Mailes???)...- John, 3CDI, is feeling a lot better...-Harry, 3BEB, has a bar in his rec room that is just the right height...-Gord, 3BTF, in Chrysler, is active in the 2m net. REMEMBER: BANQUET: AUCTION: ELECTION: VHF QSO PARTY: FIELD DAY. CU.
