Ottawa Amateur Radio Club---Mini Groundwave...

Just a reminder of the Annual Ottawa Amateur Radio Club picnic being held this weekend (July 21-Sunday). The location is Vincent Massey Park in Ottawa at Picnic Area "V". The price is 50 cents a person to a maximum of 2.00 per family. Tickets will be available at the picnic site, and will give you a chance at some prizes. Food, pop, and games for the kids plus the usual amateur camarade will make for a pleasant afternoon...

Start time is two pm so come out, enjoy yourself and help make this a successful O.A.R.C. picnic.

As most readers are aware, Bell Canada in Ontario & Quebec has released various models of teletype equipment to licensed Amateurs during the last 13 years. There is now indication that a substantial quantity of Model 28 equipment will be released and some equipment has already been received.

The Model 28 equipment immediately available and totally ex Bell consists of 25 Model 28 receiver only Console Models, consisting of Console Model Floor cabinet, Electrical Service unit, LMU 3 Motor, Mark III typing unit and RO base. These machines are available now R O but will be easily convertible to KSR units at a later date when such keyboards are available. Cost of the RO machines is \$64.00. Procedure for obtaining these units is to send a card, including your Call letters, address, Day & evening phone numbers to.
